Collaboration with students of Windesheim

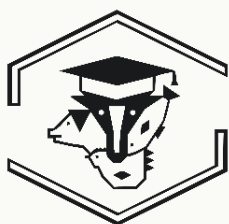

Windesheim

Wij zijn drie studenten die de minor Fundraising, Grantmaking en Sponsoring volgen aan Hogeschool Windesheim. Voor de Stichting Agromisa hebben wij een adviesrapport opgesteld. Agromisa ondersteunt kleine boeren in projecten in ontwikkelingslanden. Dit doen zij onder andere aan de hand van Agrodoks, boekjes met relevante agrarische informatie. Gedurende 20 weken hebben wij gewerkt aan dit project, met als uitkomst een advies voor het toekomstig functioneren van de Stichting Agromisa.

Wij wensen u veel leesplezier!

Danny Oonk, Linda Meijer en Emie Budde

De Veetelers

Agromisa Lecture Series with “De Veetelers”

In collaboration with study association “De Veetelers”, Agromisa organized a lecture series on the future of small-scale animal production in the tropics. Gijs den Hartog, former lecturer at Van Hall Larenstein and long-time volunteer at Agromisa shared this knowledge and views. The lecture was attended by more than 100 students, including international students; and it created a lively debate and exchange.

Our partners in 2017:

Networking for a greener Africa.
