- Wageningen University and Research
- AERES University of applied sciences
- Windesheim University of applied sciences

Agromisa participates in the annual AID information market

Number of active volunteers and staff:

45

- involved on a weekly basis with administration and communication, library, sales etc,
- involved as the need arises
- Board members

"My thesis experience at Agromisa Foundation was quite impressive. Agromisa provided me with a good chance to learn about agriculture development and innovation in rural areas. This experience also helped me to get a deeper understanding into how to create better interaction between different stakeholders, something that is closely related to my study."
Quote Sophia Zhao Mengchen, volunteer.

Other Milestones:

- ✿ Successful reorganisation and new future perspective;
- ✿ Publication of Agrodok Beef Production (AD 55);
- ✿ Nepalese translation of Agrodok on Organic Farming;
- ✿ Reworking the library: more than 700 books are adapted to Agromisa's new and easy-to-use library system;
- ✿ New and modern web site is realised.

Some of the countries where Agrodoks have been used in 2016:
